Dealing with Uncertainty

Leadership
Development

People who deal with uncertainty well...

*intentionally
settle
themselves
down*

*know what
they know,
and what
they don't
know*

*embrace what
they can't
control*

*don't seek
perfection*

*stay
positive*

*plan for a
variety of
outcomes...*

*...but they
don't ask
"what if?"*

*don't
dwell on
problems*

*know when
to trust
their gut*

*focus only
on what
matters*

*when all
else fails,
they breathe*
